THRILLING REPORTS OF SUBMARINE ENGAGEMENTS

How the Menace Has Been Met and the Tin Sneaks Are Sunk

CADORNA RESUMES
STRONG OFFENSIVE

(By Associated Press.)
The veil of secrecy which has hung over the operations along the British front in Belgium and Northern France since the latter part of the week still remains impenetrable, so far as the news offerings of the British war office are concerned. Since Friday night except brief statements have reached the outside world from Field Marshal Haig's headquarters.

Meanwhile, the Italians have started another big offensive against the Austrians on the Isonzo front. On the Bainsizza plateau height positions have been stormed and taken by General Cadorna's forces and 1,400 prisoners captured. By their new successes the Italians have brought their line almost to the bridgehead of the Sbiaviano river, near Podica and Madoni, which also gives them possession of nearly all of the southwestern portion of the plateau.

The Austrians, realizing the strategic value of the Italian gain, have delivered extremely heavy counterattacks, but to no purpose. Daily the Italians continue their aerial bombardments of Austrian positions with large quantities of explosives. The great fortress of Pola again has received a visitation and enemy depots at Berle, near Naustina, northwest of Trieste, on the

BOILERMAKERS
BACK TO WORKAPPEAL TO PATRIOTISM WINS
OVER THE SURVIVING
STRIKERS.

(By Associated Press.)
SAN FRANCISCO, Cal., Oct. 1.—The boilermakers' union, which had blocked the settlement of a strike of 50,000 metal workers, decided yesterday to accept the terms of a temporary agreement ratified by allied unions, and complete resumption today of work on government shipbuilding contracts here was forecast last night by the iron trades council.

The decision to return to work was reached after officials of the iron trades council had addressed the boilermakers, appealing to their patriotism.

Work on \$150,000,000 government shipbuilding contracts in San Francisco and the bay region has been paralyzed for the last two weeks by the strike.

Reports from Seattle and Portland, where shipbuilding operations also are tied up by strikes, stated that the situation was unchanged. A tentative agreement calls for a wage increase of from 10 to 20 per cent.

PETROGRAD ARMS
FOR AIR ATTACKSPREPARATION TO RESIST GERMAN
AERIAL ASSAULTS ON
THE CAPITAL.

(By Associated Press.)
PETROGRAD, Oct. 1.—The Russian capital is preparing seriously to resist air raids. A series of observation posts within a radius of 200 miles has been established. Preparations have been made to darken the city when the approach of airplanes is announced by blowing sirens.

STRANDED BATTLESHIP
PULLED INTO DEEP WATER

(By Associated Press.)
ATLANTIC PORT, Oct. 1.—The battleship of the United States navy aground in home waters was floated today. The sea was smooth. A large fleet of vessels pulled the warship off at high tide.

The Bonanza publishes full telegraph reports. Subscribe for it.

Gulf of Trieste, have been bombed. A stronger hold has been obtained by the British on Bagdad through the capture from the Turks of the main Ottoman position in the region of Remadie. The Ottoman general, Ahmed Bey, his staff and several thousand men were taken prisoner and a large quantity of guns and ammunition was captured.

LAKE SEAMAN'S STRIKE
WILL BE
ARBITRATED

(By Associated Press.)
WASHINGTON, Oct. 1.—The strike of Great Lakes seamen, set for today, was called off here by union leaders when the shipping board, serving as arbitrator in their dispute with the carriers, decided to grant wage increases demanded. Other demands were waived pending investigation by the board.

The dispute was brought to the shipping board when it appeared the carriers' refusal to deal with the seamen's union had defeated all hope of an adjustment. Both sides agreed to abide by the board's decision in all except the demand for union

BERLIN CONCEDES
SCARCITY OF FOODFOREIGNERS NOT EMPLOYED
MAKING MUNITIONS MUST
LEAVE.

(By Associated Press.)
AMSTERDAM, Oct. 1.—The Telegraf says a bill is being prepared in Berlin, authorizing the government, in view of the scarcity of food, to remove from the country all foreigners not employed in war industries.

SWIMMING DRAWS
FUNDS TO POOLOVER 200 HAPPY BATHERS IN
THE KIDDIES' POOL AT ONE
TIME YESTERDAY.

Tonopah turned out yesterday at the swimming pool in such numbers that any one would be satisfied of the success of the project as a year round institution for the benefit of the masses. At one time yesterday afternoon over 200 bathers were counted in the water and the fun went on until long after the electric lights were turned on. Receipts from adults for bathing privileges on Saturday and Sunday amounted to \$29.75, showing that the grown-up attendance was only one short of six score people. The water was allowed to run out again last night and this morning carpenters resumed work on the roof. Contributions since last report follow: Bevis Weir and Mr. Beardsley, \$1 each; Arthur Smith, \$2.50; Senator Key Pittman, \$5, and Mr. and Mrs. Jep. J. Hart of Hornsby, \$2.50.

9 DEATHS; 42 INJURED
IN LONDON AIR RAID

(By Associated Press.)
LONDON, Oct. 1.—The London district was again raided last night by German airplanes. There is a circumstantial, but unconfirmed, report that one enemy machine was brought down.

While there was a bright moon, there also was a slight mist, and the raiders were invisible to persons in the streets, but from the sounds

of the anti-aircraft guns in action the indications were that the raiders were moving over various quarters of the district.

Field Marshal Lord French reports that two groups of enemy machines, followed by others flying singly, crossed the Kent and Essex coasts between 6:40 and 8 o'clock last night. They came toward London. About ten penetrated the outer defenses, but only four or five got through to London itself. Bombs were dropped in Kent, Essex and London. No details of the damage or casualties have yet been received.

(By Associated Press.)
LONDON, Oct. 1.—British naval air patrols destroyed two enemy machines and brought down another and a Gotha when the Germans made another air raid last night, dropping bombs in a suburban district. In Essex and Kent the new defensive air barrage proved of value. The newspapers demand a great air fleet to carry the war to Germany. Nine were killed and forty-two injured last night.

In expectation of nightly raids, the streets of London were much less crowded last night than ordinarily. A majority of the people went early to their homes and the services in the churches were held at 7 o'clock instead of 7. Hence, the streets were quickly cleared. There were the usual scenes in the tubes and other shelters, but the police and special constables had less difficulty in handling the crowds than on previous occasions.

JEANNETTE RANKIN
AT WHITE HOUSE

(By Associated Press.)
WASHINGTON, Oct. 1.—The president said in an attempt to settle the Butte copper strike Representative Jeannette Rankin appeared at a White House conference. She also asked his support for her bill permitting the government to take over metalliferous mines for operation.

STAMINA OF THE HUNS
IS BADLY SHAKENWASHINGTON NOTE REVIEWS
THE EVENTS OF THE
PAST WEEK.

(By Associated Press.)
WASHINGTON, Oct. 1.—This week's official communique issued by the war department says Germany's defensive strength is shaken but still powerful. The British proved their supremacy over their enemies conclusively last week. The German fighting stamina is deteriorating. The note says nothing of the American forces' activities in Europe.

FIFTY MILLION MORE
LOANED TO ENGLAND

WASHINGTON, Oct. 1.—Further credits of \$50,000,000 to England are announced. This makes the total to the allies \$2,516,400,000.

ABSOLUTE CONTROL OF COAL
INDUSTRY BY THE GOVERNMENT

(By Associated Press.)
WASHINGTON, Oct. 1.—Government control over the coal industry was made complete last night by an order of Fuel Administrator Garfield limiting the profits of retailers coal and coke dealers throughout the country to a basis which is expected to bring about an immediate reduction in prices to the consumer. The order, effective today, directs that the retailers shall fix their prices so as to limit their gross margins over cost to the average of such gross margins during the year 1915, plus a maximum of 30 per cent of the 1915 margin, provided

that in no case shall the average margin of the month of July, this year, be exceeded. Local committees appointed by the federal fuel administrators in each state will see to it that the dealers comply with the order and the dealers themselves will be called upon to return sworn cost sheets showing the facts upon which they have based their prices. Dr. Garfield selected 1915 as a normal year because the coal shortage which resulted in continued rises in prices did not begin until 1916. The additional 30 per cent is allowed to cover the increase in the re-

Under Water Bombs Are
Effective in Ridding Sea
Many Enemy U-Boats

(By Associated Press.)
LONDON, Oct. 1.—Another series of thrilling reports of recent naval actions against German submarines, illustrative of the manner in which the U-boat menace is being met, has

HEAVY ARTILLERY
FIRE AT VERDUNBIG GUNS GOING ALL DAY SUP-
PLEMENTED BY INFANTRY
ATTACKS.

(By Associated Press.)
PARIS, Oct. 1.—A heavy artillery action has been in progress on both sides of the Meuse, Verdun sector, while on the Aisne front the German infantry attacked the French trenches, but were repulsed with considerable losses. The official communication issued by the war office also reports air raids around Dunkirk, where several civilians were killed.

ORIZABA SHIPPING
300 OUNCE ORE

The Orizaba company is taking out some of the nicest looking ore seen in Nevada, the face being covered with silver glance and the whole shining like pure metal. The winze is down 185 feet on a ledge that shows a width of from five to seven feet and carrying between 300 and 400 ounces of silver. The property undoubtedly is going to make one of the big silver mines of Nevada and, under the management of Engineer Lovie, is rapidly increasing the tonnage.

SUNDOG SCHOOL
BURNING TODAY

At 3 o'clock this afternoon a report came to Tonopah that the Sundog school, the latest built school in Goldfield, was ablaze with poor prospect of saving the building. No particulars could be had. The building is of stone and cost \$65,000.

GENERAL GURKO GETS
IN BAD WRITING LETTER

(By Associated Press.)
PETROGRAD, Oct. 1.—General Gurko, former commander of the southwestern front, has been expelled from Russia via Archangel, due to a letter he wrote to the former emperor expressing loyalty.

been given out by the admiralty. The figures are official and authenticated, but no dates are given. The statement begins by reciting how a torpedo gunboat sighted a periscope 600 yards away and pursued it. When at a distance of fifty

BIG DRIVE FOR
NEW BOND ISSUEFOUR WEEKS TO RAISE THREE
BILLIONS FOR BOYS IN
TRENCHES.

(By Associated Press.)
WASHINGTON, Oct. 1.—A big drive for the second issue of Liberty Bonds began at noon today throughout the country. It is expected that it will take four weeks to raise three billions in subscriptions. Treasury officials have set the "amount expected" as five billions. Postmaster General Burleson has ordered that all stamps be cancelled with the legend "Back the Boys in the Trenches. Buy Liberty Bonds."

COAST GUARD SHIP
SUNK ON PATROLVESSEL IN COLLISION NOT
KNOWN—BOAT WILL BE
RAISED.

(By Associated Press.)
WASHINGTON, Oct. 1.—An American patrol ship on duty off an Atlantic port was rammed and sunk by an unidentified craft. The work of raising the sunken coast guard vessel will be begun immediately.

FREIGHT HANDLERS
STRIKE IN BOSTON

(By Associated Press.)
BOSTON, Oct. 1.—A serious tie-up of ocean going freight is feared if a strike of over a thousand dock freight handlers which went into effect today continues. They demand eight hours and a wage advance.

SILVER EMBARGO
IS NOT HURTFULSENATOR NEWLANDS HOLDS OUT
HOPE OF HIGHER PRICES
UNDER EXPORT LICENSES.

When Tonopah was wondering what had happened to strike down silver in the heyday of its strength Charles B. Epstein concluded to go to the fountainhead for information. Accordingly he wired Senator Newlands, inquiring the results of his observation and, early this morning, received the following reply: "C. B. Epstein, Tonopah, Nev.: From what I have, so far been able to learn the only reason for the drop in the price of silver is apprehension and misunderstanding regarding the silver embargo. I am advised that no restriction has been placed on the export to friendly and allied nations other than the necessity for exporters to secure licenses, numbers of which have been granted. I will wire any further information secured.—Francis G. Newlands."

THOMAS J. LYNCH, deputy, U. S. internal revenue collector, returned yesterday from San Francisco.

yards the periscope disappeared, and the gunboat passed over the submarine. The impact of the collision was felt and explosive charges were dropped astern. A seaplane reported patches of oil on the surface and a mine-sweeper found an obstruction on the bottom at this point.

A torpedo boat patrolling in the Atlantic found a steamer torpedoed and sinking, rescued the survivors and circled about the locality more than an hour before locating the submarine. The torpedo boat dropped three submarine bombs. Oil and air bubbles reeking of gasoline came to the surface.

A British U-boat sighted a German submarine while both were on the surface. The British submarine dived and later picked up the enemy through the periscope. A torpedo, fired at 800 yards, caused a violent explosion in the German vessel. When the British commander arrived he found a patch of oil, in which Germans were swimming.

A flotilla of mine sweepers was engaged in the western channel waters when an explosion occurred between a pair of them, the wirenet parting. When the sweeping wire was pulled in two mines were found entangled, one on the ship's side and the other just under the surface.

The slightest roll of the ship striking the mine's "whiskers" would have been sufficient to set off an annihilating charge. A second officer with volunteers coolly cut the fire. The mines fell into the sea without exploding. The statement points out the value of the trawler, which hardly costs as much as one broadside from a cruiser.

The training of mercantile marine officers in gunnery tactics is bearing fruit. A British merchantman was attacked by submarine gun fire from a distance of three miles. The shots were wild and she immediately replied. At the sixth and seventh rounds, smoke and flame burst from the fore part of the submarine, which abandoned the chase.

Another ship sighted a periscope twenty yards off the beam. While swinging on a "hard ported helm" a torpedo passed the stern. A minute later a periscope appeared on the surface on the other side. A shot was fired, immediately followed by another, and the submarine disappeared. The surface was soon covered with yellow oil.

NEW YORK NOT READY
TO DELIVER BERKMAN

(By Associated Press.)
ALBANY, N. Y., Oct. 1.—Governor Whitman announced he would withhold a decision in the matter of the extradition of Alex. Berkman, the anarchist leader, until he examined the minutes of the San Francisco grand jury which returned the indictment.
